

Informal Proposal Request Table for WRP-10 Existing Low Pressure Non-Potable Water Connections Improvement Project

On-Call Consultant	Specialty (Area of Focus)	Requested Informal Proposal (date)	Received Informal Proposal (date)	Informal Proposal Quote (\$)	Notes: Reasons for Not Requesting Informal Proposal, Reason for Selection of Consultant, etc.
Akel Engineering Group, Inc.	Modeling and Master Planning				
Albert A. Webb Associates	Project Development, Planning, Design, Entitlement, Funding, Permitting, Construction Management, and Inspection for Water Resource Planning Studies, Pipelines, Booster Stations, Water Reservoirs, Lift Stations, Water/Wastewater Treatment Facilities, Stormwater Facilities, and Administrative Facilities	10/28/24	11/18/24	\$442,317	Consultant cost is significantly higher than the other two proposals and staff estimate of \$250,000.
Black & Veatch	Evaluations, Studies, Preliminary Design, Final Design, Specifications, Reviews, and Engineering Estimates.	10/28/24	NA	NA	Consultant did not submit a proposal.
Dahl Consultants, Inc.	Planning, Design, and Construction of Water Resource Facilities- Canals, Pipelines, Pump Stations and Treatment Plants	10/28/24	NA	NA	Consultant did not submit a proposal.
Dudek	Planning, Design, Permit Management, and Construction Projects Involving Natural Resource Management, Infrastructure Development, and Regulatory Compliance	10/28/24	NA	NA	Consultant did not submit a proposal.
Engineering Resources of Southern California, Inc.	Water/Wastewater Engineering, Construction Management and Inspection, Civil Site Design, Transportation Engineering, Independent Plan Review, Flood Control and Drainage Engineering, Water Quality/NPDES, Traffic Engineering, Survey and Mapping, Environmental Services	10/28/24	11/18/24	\$218,040	Consultant's proposal is found non-responsive. Consultant assumed that topographic survey for the design of the project will not be required. The RFP clearly describes the project scope to include preparation of legal descriptions and plats, including any topographic and/or aerial survey.
Harper & Associates Engineering, Inc.		10/28/24	NA	NA	Consultant did not submit a proposal.
Hazen & Sawyer	Constructability, Operations, Safety, Planning/Preliminary Engineering, Surveying and Mapping, Utility Location and Potholing, Traffic Control, Technical Reports, Environmental Documentation Support, Geotechnical Investigation, Final Design, Easements and Legal, Bidding and Construction Support, Project Scheduling	10/28/24	NA	NA	Consultant did not submit a proposal.
Krieger & Stewart, Inc.	Water Resource Planning Studies, Pipelines for Domestic Water, Sanitation, Non-Potable Water, and Irrigation, Wells, Pump/Booster Stations, Water Reservoirs/Tanks, Water/Wastewater Treatment Facilities, Stormwater Facilities, Groundwater Replenishment Infrastructure, Administrative Facilities, Structural Analysis	10/28/24	11/18/24	\$261,000	Consultant scope and costs are consistent with staff estimate. Consultant has managed similar design projects for CVWD with satisfactory performance. Consultant team has necessary resources and qualifications to perform the work within the schedule described in the RFP.
Vanir Construction Management, Inc.	Program and Construction Management for Water and Wastewater	10/28/24	NA	NA	Consultant did not submit a proposal.
Woodard & Curran, Inc.	Civil and Environmental Engineering, Operations and Management, Corrective Action and Real Estate, Industrial Engineering, Environmental Management	10/28/24	NA	NA	Consultant did not submit a proposal.
