Memorandum

To: J.M. Barrett
From: Luis Torner
Copy: Purchasing, Dan Charlton
Date: 4-24-24
Subject: CVWD Single/Sole Source Justification

The attached Single/Sole Source Justification is for Andritz the manufacturer of bio-solids dewatering equipment. Andritz belt filter presses are utilized for bio-solids dewatering equipment and are critical to the process control of the Water Reclamation Plants. As a result of the utilization, the District has utilized Andritz direct replacement parts and equipment to maintain the integrity of the equipment at the facilities. Andritz direct replacement OEM parts not only meet and exceed the original specifications but have demonstrated to have a more robust lifespan than other OEM replacements. Replacement parts and equipment are available through the Andritz sole source factory parts department. The exceptional performance from these direct replacement parts ensure minimal down time for equipment and minimizes potential permit/compliance issues.

Thank you,

Luis Torner
