Re: State Water Contractors Fiscal Year 2024-25 Invoice

Dear Mr. Barrett:

Enclosed is the invoice for the Fiscal Year (FY) 2024-25 State Water Contractors (SWC) Dues and other Funds. The FY 2024-25 Dues were approved at the May 16, 2024 SWC Board meeting.

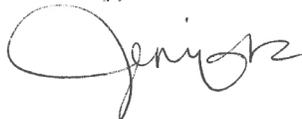

The allocation of SWC Dues reflects a separate and different allocation for the Energy Fund, Bay-Delta Fund, Delta Conveyance Project (DCP) Fund and the General Fund. The Energy Fund includes costs closely related to State Water Project (SWP) Energy activities, such as SWC staff and consulting costs for power purchases and planning. The SWC Bay-Delta Fund provides for on-going legal, biological and engineering assistance associated with the SWRCB's water rights hearings, ESA activities, and associated technical studies and negotiations. This fund also houses the SWC Science Program which identifies and funds development of tools and models to investigate the effects of management actions. The SWC DCP Fund provides for planning and legal activities associated with the DCP. The SWC General Fund contains the remainder of the SWC Dues Fund budget, related to achieving other objectives of the State Water Contractors including public outreach and working with DWR for SWP operations.

The dues allocations of each of these funds are contained in the attached May 16, 2024 SWC Resolution. The dues allocation amount for FY 2024-25 differs from the projected Budget due to adjustments that reflect available cash carried over from the current year and reserve needs for the coming fiscal year.

As approved by the SWC Board, SWC Members will be provided with the option of making separate payments. The initial invoice due on August 15 is for 90% of the dues allocation. A second invoice for the 10% remainder of the allocation will be sent to SWC members in early Calendar Year 2025, subject to SWC Board approval of the invoice. An optional payment coupon for the potential second invoice is also included in the attachment that anticipates Board approval of the remaining 10%. Individual contractors can choose to make both payments in 2024 if it is more convenient.

If you have any questions regarding the invoice, please call me at (916) 447-7357, extension 203 or Julie Ramsay at extension 204.

Sincerely,

Jennifer Pierre
General Manager
