MEETING DATE: July 9, 2024

SUBJECT: Transfer of Unpaid Irrigation Water Availability Charges to the Riverside County Tax Roll
Fiscal Year 2024-25

TO: BOARD OF DIRECTORS

FROM: CUSTOMER BILLING, SCOTT BURRITT

**GENERAL MANAGER
RECOMMENDATION:**

RECOMMENDATION:

Approve and authorize to adopt Resolution approving the transfer of Unpaid Irrigation Water Availability charges to the Riverside County tax rolls on or before August 10, 2024.

BUDGET IMPACT:

There will be a positive impact on revenues as a result of transferring unpaid accounts to the property tax roll. This results in a lien which helps ensure the District receives assessments owed. We expect to collect a total of \$2.3 million from the IWAA but that final amount transferred to the property tax will be more in line with historical figures outlined in the table below because customers have until July 15th to make IWAA payments.

PROCUREMENT METHOD:

☒ N/A

If other, please explain: .

BACKGROUND

The District annually transfers to the Riverside County tax roll any unpaid irrigation water availability charges remaining from the previous year's assessment. This transfer must take place in order for the unpaid Irrigation Water Availability Charges to be paid. California Code Section No. 54984.9 allows the District to determine, by resolution, that delinquent charges, plus a 6% penalty, are a lien on the property and file the documents with the County Recorder's office. The table below includes tax roll transfers for the last three years.

Fiscal Year	No. of Cust.	Canal Availability
2021-22	327	\$ 585,497.78
2022-23	342	\$ 647,125.04
2023-24	400	\$ 751,396.22
