BACKGROUND

Historically, the Legislative and Policy Platform span the California legislative session and the Congressional session. Staff has sought input and present proposals for consideration in the CVWD Legislative & Policy Platform for 2023-2024. Many of the proposals are similar to the 2021-2022 Platform, however some are new proposals based on emerging issues.

As with prior versions, the preference is to maintain a broad document and allow staff sufficient direction to adopt positions and advocate on legislative, regulatory and administrative matters without requiring a vote or presentation to the Board of Directors. Staff will continue to update the Board and/or the Legislative Committee as matters progress through legislative and administrative bodies.
